CELLAR  
PRIVATE DINNER  
EXPERIENCE

2026

Hidden beneath Rizes lies a treasure: our historic wine cellar, a sanctuary of flavors and stories. Among its shelves rest rare vintages, old labels, and carefully curated selections of local, Greek, and international wines — each bottle carrying the spirit of its land and the passage of time.

Cellars have always held a special place in Santorini. Carved into the volcanic rock, they were once a refuge for families, a cool space to preserve the harvests of the island. Today, they embody the heritage of Greek winemaking, blending tradition with discovery.

The **Cellar Private Dinner Experience** invites you to step into this intimate atmosphere. Surrounded by the quiet elegance of the cellar, you will enjoy a bespoke menu prepared with the finest ingredients of Santorini and Greece, perfectly paired with hand-picked wines. The long marble table, candlelight, and the timeless setting create not just a dinner, but an unforgettable journey — a celebration of food, wine, and the stories they tell.
